

Home Equity Early Disclosure

IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT PLAN

This disclosure contains important information about our Home Equity Line of Credit Plan. You should read it carefully and keep a copy for your records.

AVAILABILITY OF TERMS: All of the terms described below are subject to change. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you pay to us or anyone else in connection with your application.

SECURITY INTEREST: We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

POSSIBLE ACTIONS: We can terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if (1) you engage in fraud or material misrepresentation in connection with the plan; (2) you do not meet the repayment terms of this plan, or (3) your action or inaction adversely affects the collateral or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if (1) any reasons mentioned above exist; (2) the value of the dwelling securing the line declines significantly below its appraised value for purposes of the line; (3) we reasonably believe that you will not be able to meet the repayment requirements due to a material change in your financial circumstances; (4) you are in default of a material obligation of the agreement; (5) government action prevents us from imposing the annual percentage rate provided for in the agreement; (6) the priority of our security interest is adversely affected by government action to the extent that the value of the security interest is less than 120 percent of the credit line; (7) a regulatory agency has notified us that continued advances would constitute an unsafe and unsound business practice, or (8) the maximum annual percentage rate is reached.

MINIMUM PAYMENT REQUIREMENTS: You can obtain credit advances for 10 years. This period is called the "draw period." At our option, we may renew or extend the draw period. The length of the repayment period will depend on the outstanding balance at the end of the draw period and changes in the interest rate, if applicable, but will never be greater than 10 years. Your payment during the draw period will be 1.0% of the outstanding balance each month or \$100.00, whichever is greater. Your payment will include any amounts past due and any amount by which you have exceeded your credit limit, and all other charges. If the interest rate increases so much that the minimum payment is not adequate to pay the accrued finance charges (interest), we will increase your payment to cover the interest that is due. If the interest rate decreases after we make an adjustment for negative amortization your payment will remain the same.

At the beginning of the repayment period we will recalculate your payment. The payoff period may vary depending on the amount of your

outstanding credit balance at the beginning of the repayment period. The payoff period is shown in the following table:

<i>Range of Balances</i>	<i>Payoff Period</i>
Up to - \$5,000.00	60 Monthly Payments
\$5,000.01 - \$15,000.00	72 Monthly Payments
\$15,000.01 - \$25,000.00	96 Monthly Payments
\$25,001.00 - And above	120 Monthly Payments

Each time the annual percentage rate increases, we will review the effect the increase has had on your plan. If the annual percentage rate has increased so much that your payment is not sufficient to repay the balance within the payoff period, we will adjust your payment to repay the balance within the original payoff period. Your payment will include any amounts past due and any amount by which you have exceeded your credit limit, and all other charges. Your payment will never be less than the smaller of \$100.00, or the full amount that you owe.

MINIMUM PAYMENT EXAMPLE: If you made only the minimum monthly payment and took no other credit advances it would take 9 years 11 months to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of 3.5%. During that period, you would make 118 payments of \$100.00 and one (1) final payment of \$40.53.

FEEES AND CHARGES: In order to open, use and maintain a line of credit plan, you must pay the following fees to us:

Annual Fee: \$50.00 (Due on June 30th of each year)

Flood Zone Determination Fee: \$25.00 (Due at closing)

You must pay certain fees to third parties to open the plan. These fees generally total between \$314.00 and \$1,500.00. If you ask, we will provide you with an itemization of the fees you will have to pay third parties.

PROPERTY INSURANCE: You must carry insurance on the property that secures this plan. If the property is located in a Special Flood Hazard Area we will require you to obtain flood insurance if it is available.

REFUNDABILITY OF FEES: If you decide not to enter into this plan within three business days of receiving this disclosure and the home equity brochure, you are entitled to a refund of any fee you may have already paid.

TAX DEDUCTIBILITY: You should consult a tax advisor regarding the deductibility of interest and charges for the plan.

VARIABLE RATE FEATURE: This plan has a variable rate feature and the annual percentage rate (corresponding to the periodic rate) may change and you may be required to make more payments during the draw period, to make adjusted payments during the repayment period, and the amount of a balloon payment, if any, may increase. The annual percentage rate includes only interest and no other costs. The annual

percentage rate is based on the value of an index. The index is the Prime Rate published in the Money Rates column of *The Wall Street Journal*. When a range of rates has been published the highest rate will be used. We will use the most recent index value available to us as of 30 days before the date of any annual percentage rate adjustment. To determine the annual percentage rate that will apply to your account, we add a margin to the value of the Index. Ask us for the current index value, margin and annual percentage rate. After you open a plan, rate information will be provided on periodic statements that we send you.

RATE CHANGES: The annual percentage rate can change quarterly on the first day of January, April, July and October. The rate cannot increase or decrease more than 2.0 percentage points in any one year period. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 18.0% or the maximum permitted by law, whichever is less. However, under no circumstances will your **ANNUAL PERCENTAGE RATE** go below 3.0% at any time during the term of the plan.

MAXIMUM RATE AND PAYMENT EXAMPLES: Draw Period: If you had an outstanding balance of \$10,000, the minimum payment at the

maximum **ANNUAL PERCENTAGE RATE** of 18% would be 152.88. This annual percentage rate could be reached at the time of the 85th payment. **Repayment Period:** If you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18% would be 228.03. This annual percentage rate could be reached at the time of the 85th payment of the repayment period.

HISTORICAL EXAMPLE: The following table shows how the annual percentage rate and the minimum payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are as of the last business day of July of each year. While only one payment per year is shown, payments may have varied during each year. The table assumes that no additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.
